

## Frequently Asked Questions about the “Working Miracles with Performance™” workshop

**Q. How often do you run these open workshops?**

A. 2 or 3 times a year

**Q. How many people usually attend the workshop?**

A. We like to keep the numbers to a small group of around 10 – 15. This allows everyone the opportunity to contribute as they see fit and are comfortable with, and it’s a good way to get to know everyone within a group of this size. Currently because of the Covid-19 guidelines and social distancing the numbers are limited to a maximum of 10.

**Q. How do people summarise the workshop?**

A. As a powerful and dynamic two-days where you are given the tools and techniques to discover how to unlock the unlimited and unused potential we all have within us ... but have never been shown how to use before!

**Q. Is there like a “therapy session” within the workshop?**

A. No. The workshop isn’t a “therapy session” ... only “grown-up” discussions about the powerful principles and practices, to which you can contribute as much, or as little as you like.

**Q. Are there any role-plays?**

A. No. There will be no role plays, or syndicate exercises involved ... we won’t ask you to come to the front of the class and no-one will be put on the spot!

**Q. What does Working Miracles actually do – it sounds like a powerful name for a workshop?**

A. According to our clients, for the people and organisations who attend ... every single time, the workshop is:-

- Entertaining - So that you really enjoy the experience
- Practical - Equipped with workable tools to enable you to do things differently as soon as they return to the workplace
- Educational - Will gain practical knowledge that works in the real world for everyone
- Inspirational - People believe they can make the necessary changes for themselves and in others
