

The key to Leading with Absolute Belief

Our experience shows that many leaders seem to spend a lot of time "Wishing". But what would it be like if they could learn how to change their wishes into total and absolute belief?

Wishing

...

Wastes our life force

Is hoping for something to happen

Speaks of scarcity and doubt

Is about wanting, desiring, and yearning

Believing

...

Is a powerful knowing

Is knowing what it will feel like when it has happened

Speaks of abundance and certainty

Is about creating, never giving up and ACHIEVING

*"If I have the belief, I can do it, I shall surely acquire the capacity to do it even if I may not have had it in the beginning" **Ghandi***
